MARKS-40

CLASS VII

TIME 90- MINS

SET B

Q.1- Read the passage and write the answers briefly. [Marks-5]

Our Environment is our surrounding. This includes living and non-living things around us. The non-living components of environment are land, water and air. The living components are germs, plants, animals and people. All plants and animals adjust to the environment in which they are born and live. A change in any component of the environment may cause discomfort and affect normal life. Any unfavorable change or degeneration in the environment is known as 'Environmental Pollution.

We need to protect our environment to live happily. For better environment, all its components should be protected from pollution and the surroundings should be clean. We need to take good care of our land, water resources, forests and atmosphere. It is also necessary to ensure a balance between these resources and living creatures, to meet our needs.

1. What is environment?
2. Why it is necessary to ensure a balance between living and non-living things?
3. What is environmental pollution?
4. Write third form of the verbs 'live, generate'
5. Write similar word for 'necessary'

Q.2. Read the passage and choose the correct option given below. [Marks-5]

Insects are small creatures with six legs, no backbone and a body divided into three parts. They are the most plentiful of all living creatures. From man's point of view, insect can be divided into two main kinds ;those which are useful and those which are harmful to him. There are also those which are merely interesting and beautiful.

Bees and silkworms are examples of useful insects. Bees collect honey and wax from flowers for our use. Silkworms supply us silk. These insects provide man food and clothing.

Locusts and mosquitoes are harmful to man. Locusts eat all growing plants, trees and crop every year. Mosquitoes pass the dangerous disease of malaria. Every year millions of people fall ill or even die of malaria.

1- ----- are classified as insects

A) Snakes and crows B) all living things C) Bees and silkworms.
